June 20th is World Refugee Day, a day celebrated internationally to promote awareness, solidarity and advocacy with refugees. Join us the day prior for a collaborative community forum based around this mission, which will amplify the experiences of refugees and include strategies focused on effective advocacy for those working with refugee clients in any environment. A multidisciplinary team of experts from agencies serving refugees - including the TN Office for Refugees, Nashville International Center for Empowerment, Siloam Health, and others - will present, sharing their expertise through education and conversation.
